D

3-Way
Aid Station

Transition from road
to trail
("Rock Piles")

E

F

To Top of Long Road
(used on outbound 50K loop only)

These maps are for general reference only. The errors in GPS measurements from your device and map in the mountains are often larger than the distance to a cliff edge or other hazard. Thus, while useful to ensure you still on the race route and going in the right direction, you must constantly look out for trail hazards.
